PETITION FOR RULE MAKING

Maurice Salsa (Petitioner), pursuant to 47 C.F.R. 1.401, hereby requests the commission to amend section 73.202 (b) of its rules, the FM Table of Allotments, to allot channel 271A (102.1 Mhz) at Shamrock, Texas.

DISCUSSION

Shamrock, Texas is an incorporated community of 2,228 people as of January 1, 1998 according to the Texas State Data Center. Petitioner respectfully submits that the public interest would be served by allocating Channel 271A to Shamrock, Texas, as that community's first competing commercial FM service. Shamrock has its own mayor, F.C. Hilburn, its own post office, its own fire department, its own school district, its own city hall and a number of local churches. The proposed channel 271A will provide additional diversity and an outlet for local self-expression to Shamrock residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 271A can be allocated to Shamrock, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

35 12 22 N  
100 16 22 W

Petitioner hereby states that if the commission grants this petition, he will apply for the channel when it is allotted, and, if his application is granted, he will promptly build the station.

WHEREFORE, for the foregoing reasons, Petitioner respectfully requests the commission to grant this petition and to allot channel 271A to Shamrock, Texas.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

By:
